

GALA

design David Lopez Quincoces

Armchair and sofas with backrest and seat frame in poplar and pine plywood with polyurethane foam padding covered with a lining made of polyester fiber, with needle-treatment and resin-coated, coupled with a polyamide velveteen backing and seat spring system with cross-woven elastic straps made of coated rubber.

Backrest cushion in differentiated density polyurethane foam padding, covered with mattress pad filled with pre-washed and sterilized goose down, stitched into separate compartments, featuring support panel in poplar and pine plywood fixed to the backrest frame using snap pins.

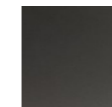

Full seat cushion, with topstitching, in differentiated density polyurethane foam, covered with mattress pad filled with pre-washed and sterilized goose down, stitched into separate compartments.

Fixed upholstery in leather, or in fabric fully removable with zippers and Velcro fastenings. Adjustable matte black steel feet and floor support provided by plastic tips.

Seat depth: Armchair 56 cm.

Sofas 62 cm.

Notes

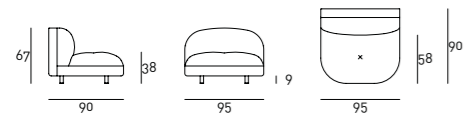

For all elements made with decorative fabrics, woven textiles, velvet, or leather, additional stitches are always required.

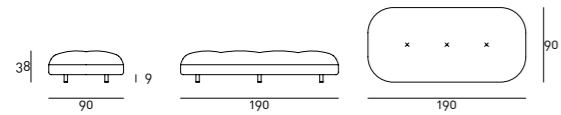

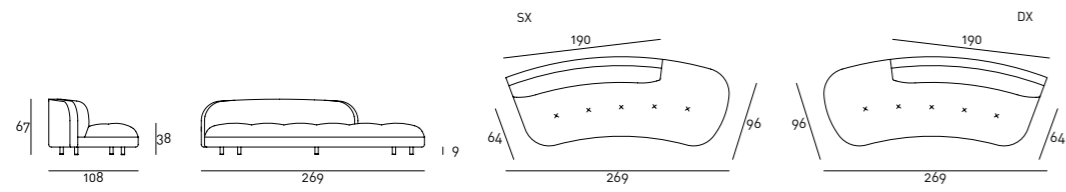

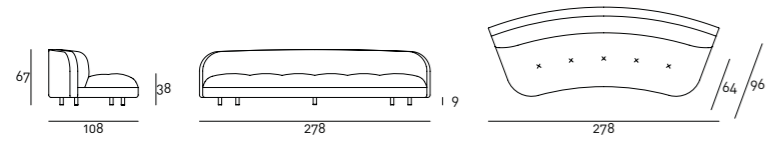

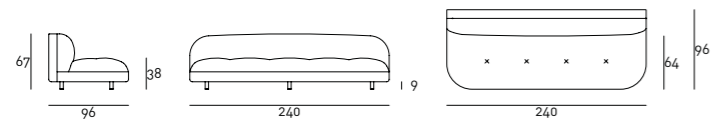

According to the product shape, some coverings cannot be used: please refer to the adaptability sheet in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.
