

Ile

design Piero Lissoni

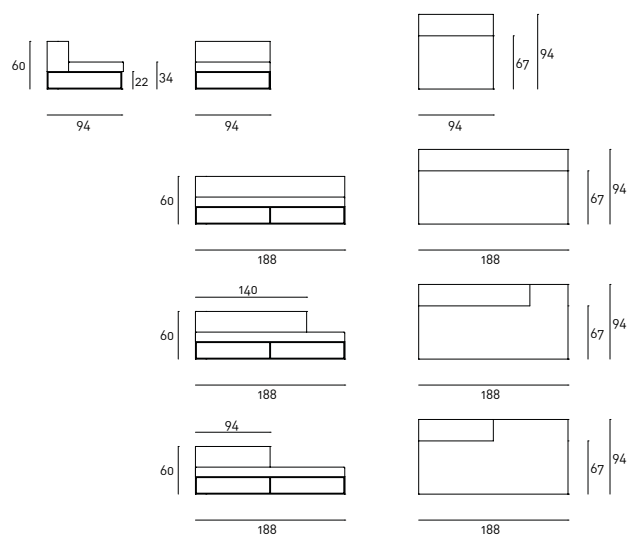

Elements with different sizes and armchair with armrest and back structure in double-panelled poplar and pine with padding in differentiated density polyurethane foam. Covering in needle punched, resinated, nonwoven polyester fibre, bonded onto a polyamide velveteen backing. Under-seat panel in self-supporting decorative HPL, plastic laminate panel, decorated on both sides. Seat cushions with preformed, differentiated density polyurethane foam, covered with acrylic fibre layers. Base in AISI 304 stainless steel square-section tube, with matt satin-finish. Fabric or leather upholstery, both fully removable by zippers and Velcro fastenings. Seat depth 67cm.

Ile has undergone and passed the seat and back static load and fatigue tests (EN 1728:2000), with issue of relative certificate by CATAS®.
