

Jelly

design Piero Lissoni

Armchair with steel frame embedded in cold-expanded polyurethane foam. Seat support in coated rubber elastic straps. Covering in needle punched, resinated, nonwoven polyester fibre, bonded onto a polyamide velveteen backing. Seat cushion in polyurethane foam, covered with acrylic fibre layers. Swiveling base in shiny chromed finish steel. Fabric or leather upholstery. The fabric version only is fully removable by zippers and Velcro fastenings. Under seat cover in impact-resistant polystyrene. Seat depth 48cm.

Jelly has undergone and passed the Tests: stability (EN 1022:2005); seat and back static load and fatigue, seat and backrest impact (EN 1728:2000), with issue of relative certificate by CATAS®.
