

MATERICA

design Leonardo Talarico

Table lamp for indoor use, with diffused light, consisting of a Ø11cm spherical base in white Carrara, red Levanto or black Marquinia marble to which is screwed a Ø16mm galvanized steel tube, acting as the lamp body with a welded Ø16mm rod bar as support. "Blown Pyrex" opal diffuser Ø12cm fixed to the lamp body by wrap spring clutch. ON/OFF function switch on a 200 cm power cord equipped with a European plug 2 poles 2.5A. Support guaranteed by black PVC supports. The lamp is supplied with 1 LED light source G9 4W 330lm 3000K 220/240V. Voltage 220/240 V.

For China:
Power cord equipped with a China plug 2 poles 2,5A.

For UK:
Power cord equipped with a UK plug 3 poles 3A.

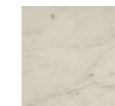

For USA:
Power cord equipped with a USA plug 2 poles.
The lamp is supplied without light source. We recommend 1 LED light source G9 4W 330lm 3000K 110V. Voltage 110V.
