

ELLE DECORATION AUGUST 2019

TRENDS

22 **The revolution** From tackling plastics to changing mindsets, it's time to focus on sustainable design

27 **The lighting launch** Doshi Levien's 'Earth to Sky'

28 **The new look** Chubby design proves big is beautiful

30 **The interior designer** Discover Hollie Bowden's mix of Japanese minimalism, antiques and craft

33 **The superpower** There's a wave of designers rising in the East – and they're capturing the world's attention

38 **The innovation** Stylish lights with a DIY approach

41 **The ones to watch** Scandi talents Färg & Blanche

42 **The new landmarks** Groundbreaking museums by the most inventive of contemporary architects

46 **The revival** In the midst of a 1970s boom, Gabriella Crespi's designs are more relevant than ever

49 **The furniture launch** Brogan Cox steps into the spotlight with this season's most colourful collection

50 **The reopening** Sweden's National Museum's refreshed look – and how you can mimic it at home

52 **The technology** Devices designed to disappear

54 **The anniversary** We celebrate Living Divani at 50

57 **The bathroom update** The faucet of the future

58 **The collaboration** Pierre Frey and Christian Astugueville's fabrics born of artistry and friendship

60 **The surface** How 3D tiles are transforming walls

63 **The extravagance** Studio MTX's haute couture window treatments are the ultimate indulgence

64 **The archive find** May Morris's designs – always ahead of their time – are finally being recognised

66 **The big idea** Up walls, on ceilings and in every corner of the home, carpet is having a comeback

84 **The mood** Sculptural forms are dominating the design scene, giving homes a gallery-like feel
