Study An 'Extra Wall' sofa by Piero Lissoni for Living Divani adds some comfort to this very grand workspace, complete with a marble fireplace and vintage Murano chandelier by Carlo Scarpa. The desk is an original curved 'Compass' by Jean Prouvé from the 1950s – modern versions of this design are available at Vitra – and the chair is the 'Standard SP', also by Prouvé and also available at Vitra. The lamp is a vintage piece by Gino Sarfatti for Arteluce, bought at Galerie Christine Diegoni in Paris. On the wall hangs *Untitled #426*, one of a series of works featuring clowns by American artist Cindy Sherman ➤
