

**Kitchen** The walnut island at the centre of this convivial space does double duty as a bar, with 'Herrenberger' stools from Atelier Haussmann providing a spot for guests to chat to the cook over a drink. The worktops are Verde Borgogna marble, which contrasts with the brass cupboard fronts and 'Ego' spotlights by Axolight. The taps are by Gessi and the black 'Joy' spotlight strip is from Lamp 83. The candles on the island are by Trudon. Farrow & Ball's soft 'Green Smoke' paint provides a subtle grounding for the metallic elements throughout the apartment ►
