

'THE OVERALL AESTHETIC IS ELEGANT, UNDERSTATED LUXURY – IT'S NOT OSTENTATIOUS, IT'S ALL ABOUT THE QUALITY OF THE MATERIALS'

**Kitchen** Komplot Design's '2D' counter stools for Gubi sit by the island, which is topped with the same marble as the worktops. Foscarini's 'Troag' suspension light floats overhead

**Garden** The landscaping is by Foster & Foster, with local firm Avalon Garden & Design responsible for the planting. Nimtim Architects designed the bridge that links the house to the garden, and the outdoor furniture is all by Fermob

**TV room** Holly gave the basement rooms a cosy, clubby vibe with inky-blue walls and low, comfy furniture including the 'Neowall' sofa by Piero Lissoni for Living Divani, which is piled with cushions from The Conran Shop. The 'Daphne Terra' floor lamp next to the sofa is from Lumina and the tray side table is by Hay. The rug is Kvadrat and the vases on the mantelpiece are from Zara Home ►
