Opposite The view through to the dining area focuses eyes on the beauty of Apparatus's 
'Cloud' pendant light Living room. The owners of this home thought that their existing furniture didn't 
suit this new apartment, so Space Copenhagen combined bespoke pieces with design classics. The large 
'Extrasoft' sofa by Piero Lissoni for Living Divani is poired with Pierre Jeanneret lounge chairs and 
a Space Copenhagen-designed stone coffee table. The 'Circuit' wall light is by Kevin Josias for 
Studio Cliver Gustay and the rug is the 'Earth Bamboo' from Massimo Copenhagen.
