

## **Living Divani @ Mexico City in partnership with Eterea3**

Living Divani returns to **Mexico City**, showcasing its collection within the boutique showroom **Eterea3**. Located in the city's glamorous district of Polanco, this space, founded by Arturo Aguayo and Fabio Anza, offers a refined luxury experience, melding styles and cultures to recreate elegant and functional environments. This oasis in the heart of the vibrant Mexican capital presents the brand's products, reflecting an aesthetic that perfectly combines beauty and comfort.

Timeless pieces like the **Extrasoft** modular sofa, designed by **Piero Lissoni** in 2008, together with the **Greene family** and the **Sailor** bookcase, both by David Lopez Quincoces, are seamlessly blended with complementary furniture such as the **Notes** table by **Massimo Mariani**, completed with a practical **Lazy Susan** in porcelain stoneware, and new models unveiled at the latest **Salone del Mobile. Milano 2024**. Among the latest is the **Echoo** sofa, by **Lissoni**, featuring an enveloping shell that embraces the entire structure, integrating the cushions to create a harmonious and sophisticated look. Recently launched is also the **Lorentz** sofa, by **David Lopez Quincoces**, with its suspended base and soft, inviting cushions, which offers the perfect setting for pure relaxation.

The small sculptures with archetypal and contemporary shapes, part of the **Styling Project** curated by **Elisa Ossino Studio**, enrich the meticulously curated project, creating a pure and cosmopolitan atmosphere.

The new layout of the **Eterea3** showroom is not just an extraordinary window into the lively Mexican metropolis but also a unique opportunity to connect with an audience increasingly captivated by design and eager to engage in a dialogue with the world of creativity.
